GRILL ON THE GO WITH EASE!

Our travel camping grill is perfect for the campsite, a picnic at the lake, or even tailgating at the big game. It travels light in the included travel bag and you can set it up in less than one minute! Big enough to cook a full meal for the family or team on the go, but small and easy enough to take with you, this is the perfect travel mate.

Our Ohio shop pre-oils every travel camping grill, so you can get it to cooking perfection by seasoning it just like a cast iron pan. Made in the U.S.A. from sturdy, durable 14-gauge steel. Always check local fire regulations and municipal bylaws to ensure your fire pit meets local standards.
